

Foundation Stage Flyer

Personal Social Development

We will be learning about relationships with our friends and family and recognising our feelings. We are going to develop a feelings board to share our feelings with each other.

Problem Solving Reasoning and Numeracy

The Turtles will be counting in 2's and 10's. Our learning environment will enable us to add and take away.

The Seahorses will do lots of counting, sorting and number recognition. There will be lots of opportunity to solve problems.

Knowledge and Understanding of the World

We are going to be outdoors and digging in our garden a lot. If you have any spare plants or seeds you would like to donate we would love to have them.

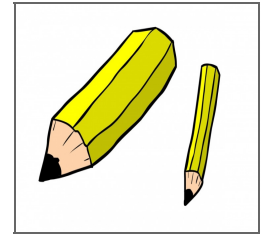

We will be finding out about living in Britain and our culture and learning all about the Queen and her family.

Communication, Literacy and Language Development

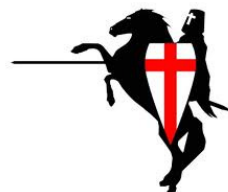

The Turtles will have the opportunity to practice their handwriting all around the unit. We will be doing lots of sentence work and writing stories.

The Seahorses will be listening to nursery rhymes and poems and matching sounds.

Creative Development

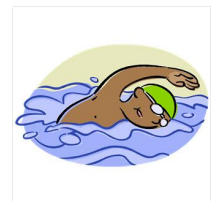

We will be making shields and dragons for St Georges day and we will role-play the story. Towards the end of the half term we will be party planning ready to celebrate the Queen's Diamond Jubilee.

In music we will be learning to keep the beat and rhythm.

Physical Development

We are following Action Kids Games Programme this half term in our colour groups.

Turtles, please remember your P.E kits and leave them in school.

Turtles will still be swimming on Friday afternoons.
