

Foundation Stage Flyer

Summer 1

Personal Social Development

We will continue to think about the 6R's and which ones we can demonstrate in school. We are learning to be responsible for all our school equipment, looking after our reading folders, making sure we take our reading books out every-day, and keeping the classroom tidy,

Mathematics

We shall be shopping in our outside Garden Centre; buying, selling and giving the correct change to the customers, this could be quite tricky and we will have to think carefully.

We shall be doubling and halving numbers and objects. We need to be confident in ordering our numbers to 20.

Reading and Writing

Our writing is becoming much clearer but we still need to keep practising and now we are using capital letters at the beginning of sentences, finger spaces and full stops. Our writing needs to be read by other people. We will be reading lots of stories with bugs in Billy's Beetle by Nick Inkpen, Super Worm by Julia Donaldson and the Hungry Caterpillar by Eric Carle

Communication, language and understanding

We will continue to work with partners; listening to them carefully and discussing our work. We will be talking to our friends and asking them questions about their work

Understanding the World

Hopefully we shall be spending lots of time in the garden this half term.

We will be setting up our allotment and watching the plants grow, if anyone has any surplus from their own allotments we could find a good home for them! We will continue to celebrate our own spring customs such as Maypole dancing.

Expressive Arts and Design

We are using lots of different mediums to make pictures and collages. We hope to recycle

materials into new and useful objects.

We shall be recording what we see in the garden using a variety of methods and materials.

Physical Development

We have a PE specialist teacher who is working with us this term on multi-skills, we know we will enjoy it and learn loads of new skills. We shall be outside lots if it is sunny. Please make sure the children have hats and sun-cream thank you. We hope to build dens using willow and cloths.

Helping at home

Read and discuss lots of stories, always write letters and numbers carefully remember finger spaces and full stops and hold pencils correctly. Don't forget to check the homework and be our next homework hero! Make sure you use School 360, purple mash and who will be our Mathematics champion?

Websites to help us:- www.phonicsplay (phase 2 or 3 activities)

www.Topmarks/foundation literacy or numeracy :(lots of games to play)

www.twinkl.co.uk has lots of phonic and number apps for the ipad.
