

Foundation Stage Flyer

Summer 2

Personal Social Development

We always try to remember the 6R's and which ones we can demonstrate in school. We are concentrating on being 'resilient' this term making sure we don't give up with our work. Always trying our best with everything we do. We need to be resilient and responsible when completing our daily challenges.

Mathematics

In Maths this half term we will be learning about time and what a clock face looks like. We shall discover what we can do in 1 minute and using timers to complete task around school.

We will be adding and subtracting up to 20 and recording our calculations.

Understanding the World

Our garden still needs lots of work so we shall be weeding and watching the fruit and vegetables grow.

We will be finding out about our world starting with where we are and moving to discover about where we will go on holiday and what we will see.

Reading and Writing

We are using different forms of writing, lists, instructions, and non-fiction. We will try to write in all areas of the unit.

We are using stories to help us write longer pieces of work using descriptive words and 'wow' words

Communication, language and understanding

Talking to our friends, asking them questions about what they are doing is an important part of learning, so we shall continue to work with partners, talking to them and sharing our thoughts with the class

Expressive Arts and Design

We are using lots of different mediums to make pictures and collages. We have rearranged our creative area so we can design and make many more things.

We will be having a travel agents role play so we can discover all about holidays and where we go.

Physical Development

Our PE lessons will take place outside as often as we can so we need our sandals. We shall be outside lots if it is sunny please make sure the children have hats and sun-cream thank you. We hope to build dens using willow and cloths.

We are learning about what it is to be healthy and keeping ourselves fit tasting lots of healthy food....yum yum!!

Helping at home

Read and discuss lots of stories, always write letters and numbers carefully remember finger spaces and full stops and hold pencils correctly. Don't forget to check the homework and be our next homework hero!

Websites to help us:- www.phonicsplay (phase 2 or 3 activities)

www.Topmarks /foundation literacy or numeracy :(lots of games to play)

Don't forget Purple Mash and Curriculum visions - use your log ins and passwords
