### PARENTS' EVENINGS

We've been really impressed by the number of parents who came along to Parents' evenings this week. We hope you've found them informative. As our school reports at the end of this year will be shorter than previously we'll also be offering all parents a 15 minute Parents' Evening slot during the summer term which they will be able to discuss the children's end of year levels as well as looking through their books with class teachers. If you were unable to attend please feel free to arrange to see your child's teacher at another convenient time. Attendance reports will be sent home too.

### THE START OF THE SCHOOL DAY

We have dealt with a couple situations recently where the behaviour of some children playing in the school yard before school has caused some concerns. Although the children are on the school premises they do not become the responsibility of the school until teachers bring them into school at 8.45am. It is a really busy time of the school day with many adults and smaller children about. We ask that parents reinforce with their children the importance of behaving appropriately at this time.
