

Foundation Stage Flyer

Understanding the World

This half term its Easter, Mothers' Day, St David's and St Patrick's Day so we are going to be very busy making lots of secrets!

A quick reminder...

Also if possible children are to come dressed as a Julia Donaldson character to celebrate World Book Day on Friday 8th March. We understand if your child has already chosen a character from a different story. It's the taking part that counts!

Mathematics

We are going to be doing lots more learning about numbers up to 10. We will be recognizing and ordering these numbers as well as counting lots of different objects.

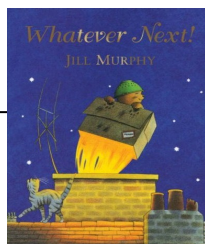

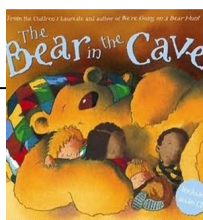

Spring is nearly upon us...

As the weather warms up we will be looking for signs of Spring. We are also very excited about waiting to see whether the bulbs we planted grow. Watch out for signs of Spring in our book corner!

Communication and Language Development

We are really enjoying reading lots of books by different authors. We now know that Michael Rosen and Jill Murphy write fantastic books too. We are also making our own stories with puppets in the puppet theatre.

Personal, Social and Emotional development

Our special friends 'The Quirks' are going to help us talk about our family and friends and why they are important to us. We will be taking turns in our circle time to share our ideas and to listen to others. We are practising the skills we need to be good listeners, these are to **sit** up straight, **look** at the person who is talking and **think** about what they say.

At home you could...

- Continue to contribute to the children's 'Home School Diaries' by commenting on things that your child has been doing at home. So far the children have thoroughly enjoyed sharing them with the rest of the class.
- Share as many stories as you can with your child, it's a great way for children to become familiar with books and promote reading as an enjoyable activity
- Share some nursery rhymes such as Twinkle Twinkle, Humpty Dumpty, Hickory Dickory Dock and Baa Baa Blacksheep. Counting songs such as '5 green bottles' are an excellent way for children to practise their counting up to 5.
- Encourage your child to become more independent by helping them practise to put on their own coats, hats, gloves and scarf's.
- Try this website for some fantastic counting games—<http://www.topmarks.co.uk/Interactive.aspx?cat=1>
