YEAR 3 VISIT TO THE CENTRE FOR LIFE

Year 3 had an action packed visit to the Centre for Life Museum this week. They made scabs, brushed teeth and mended broken bones in the laboratory in preparation for their Funny bones topic. They then braved the 3D motion ride, visited the planetarium and explored the hands on activities around the museum. The children also went to the science theatre to find out about the history of flight, building on their learning from their previous topic rise of the robots. See the school website for photos of their great day out!

A BUSY WEEK AHEAD

We have a busy last week of the half term ahead next week. On Thursday parents are invited along to our **Y1 Jellyfish class assembly** to find out more about what the children have been learning this term. **Parents of all classes are invited back to classrooms after assembly on Friday** to have a look through children's work with them. School closes for the half term break at the normal time of 3.15pm next Friday. School reopens on Monday 6th June for our extremely busy last half term.
