

Foundation Stage Flyer

Summer 1 2014

Personal Social and Emotional Development

This half term we will be thinking about "Growing". We will be discussing what plants need to grow and how to care for them. We will also play games to do with baby animals and learning the names for them eg a baby llama is a cria.

We will be welcoming a new starter to our afternoon sessions and the older children will be encouraged to be good role models.

Communication and Language

This half term we will be concentrating on hearing and using repeated phrases in stories, clapping out rhythms and syllables.

Physical Development

During this half term we will be thinking about moving in different ways to different types of music.

We will be continuing learning independence with dressing eg taking

Literacy

We will be thinking more about rhyming words in stories, predicting rhymes, creating them and learning rhymes. Listening games getting faster and slower or louder and quieter will enhance this.

We will continue using pure phonic letter sounds eg "ssss" not "su," "mmmm" not "mu," "t" not "tu" etc.

Understanding the World

During the topic of "Growing", we will talk about the things plants and animals need to survive and grow and plant

seeds,
encouraging the
children to
nurture them.

Mathematics

In the maths area we will start to separate sets of objects in different ways and count how many altogether.

We will also sort things in order of size in the role play area.

Expressive Arts and Design

We will be making butterflies using symmetry and moving imaginatively to music using props.

There will also be plenty of opportunities for role playing in the house and Garden Centre.
