

**Dear all the children and staff at Amble Links First School,**

Thank you very much for all of the support and fundraising that you have done for EdUKaid over the last year. It has made a huge difference to the lives of many children in Mgao village in Tanzania.

We recently visited the classroom that the funds you raised helped to support, and we wanted to show you just how fantastic the classroom is looking now.

**Before your support:**

**After your support:**

Not only did your support mean that the classroom could be re-painted and more resources and wall-charts could be purchased, but it also meant that we were also able to replace the floor that previously had holes in, and replace all of the windows to make sure the classroom is secure.

Thank you very very much for all of your support.

The EdUKaid team
