

## Amble Links Primary School Sport Premium Information 2024-25

The Primary PE and Sport Premium is awarded to every school with primary aged pupils and must be used to fund additional and sustainable improvements to the provision of PE and sport, to encourage the development of healthy, active lifestyles. Schools should publish the amount of premium received; a full breakdown of how it has been spent (or will be spent); what impact the school has seen on pupils' PE and sport participation and attainment and how the improvements will be sustainable in the future. Schools should also consider how their use of the premium is giving pupils the opportunity to develop a healthy, active lifestyle.

In 2024-25 we will receive approximately £17,070 of funding. Below is a summary of how we plan to use it to benefit our pupils.

There are 5 key areas for the premium to be spent on:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

<b>(9)</b> <b>£2800</b>	2, 3	Cost of addition staffing in the water to reduce ratios and speed progress of pupils in swimming lessons.	- During Covid the children have missed close to 2 years of weekly school swimming lessons, with many not swimming at all throughout that time. We have noticed a significant reduction in the water confidence of many of the children and, for those children who were already water confident, a marked reduction in their swimming stamina and technique. In addition to a trained swimming instructor we have agreed to also allocate 2 members of school staff to be in the water with the children for every lesson to ensure that children get more time in the water and personalised support with their confidence and technique in order to support the children to catch up more quickly.	<ul style="list-style-type: none"> <li>• Pupils are able to make more rapid progress with their swimming</li> <li>• The majority of pupils are able to swim 25m distance with a recognised stroke before leaving Y4 – this is 2 years before the national curriculum expectation to achieve this is.</li> </ul>
<b>(10)</b> <b>£250</b>	1, 2, 4	Subscription to 'Jump Start Jonny' exercise and dance workouts	-Following the return to school after Covid we have found that many children are struggling to self-regulate and are also finding it difficult to co-ordinate (gross motor skills). Many pupils have spent long periods of time relatively inactive. Jump Start Jonny provides a range of interactive videos in to support teachers getting the children active in the classroom at times during the school day when it is felt the children would benefit from this intervention.	<ul style="list-style-type: none"> <li>• Children are provided with additional opportunities to be active in the classroom for short periods throughout the school day.</li> <li>• Staff and pupils are positive about the impact of the additional physical activities that Jump Start Jonny helps to facilitate.</li> <li>• The children are more aware of the impact that physical activity can have on them both physically and mentally and can articulate this.</li> </ul>
<b>(11)</b> <b>£150</b>	1, 2	Resources and Rewards for Junior Playleaders	-Junior Play Leaders support staff in facilitating physical activities at break and lunchtime. This group of older pupils are developing a range of leadership skills whilst encouraging other children to take part in physical activity and games.	<ul style="list-style-type: none"> <li>• Increased opportunities for children to take part in PE and sport throughout the school day and as extra-curricular activities.</li> <li>• Increased leadership skill amongst pupils.</li> <li>• Reduced incidents of poor behaviour.</li> </ul>
<b>(12)</b> <b>£150</b>	2, 3, 4	Subscription to Complete PE Schemes of work	-'Complete PE' provides staff with a structured framework of lessons and also provides videos to support teachers' understanding of expectations and provides CPD to support their teaching.	<ul style="list-style-type: none"> <li>• The quality of PE delivery will be enhanced by the use of the Complete PE Scheme</li> <li>• A structured and coherent PE scheme of work will ensure that there is very clear progression across all year groups in a range of sports.</li> </ul>

(13) £1430	1, 2, 4	Ongoing replacement and purchase of PE equipment and resources	<p>-Ongoing renewal and replenishment of PE resources is essential to support and maintain high quality PE teaching in lessons that ensure that more children are more active for more of the time.</p> <p>-Due to the encouragement of high levels of playtime and lunchtime physical activity encouraged by staff and play leaders, equipment often becomes worn and unusable.</p>	<ul style="list-style-type: none"> <li>• Staff have access to appropriate equipment in volumes that allows all children to remain physically active during whole class PE lessons.</li> <li>• Children have free access to good quality equipment and resources at playtimes and lunchtimes to ensure they can take part in a variety of sports and activities.</li> </ul>

## **Sport Premium Sustainability**

Wherever possible the PE and Sport Premium is used to create sustainable improvements in PE and School Sport by:

### **Upskilling Staff**

- Providing opportunities to develop staff skills, knowledge and confidence which will impact on future cohorts of children

### **Improving Community Links**

- Creating meaningful links between the schools and community clubs where coaches deliver in schools, children are taken to the club for School Games competitions or children are supported to transition into community sport

### **Health & Well-Being**

- The development of Sports Leaders, School Sport Organising Crews and the provision of alternative activities such as skipping and hula-hooping have increased physical activity in school playgrounds. Trained leaders and teachers have created sustainability for the future

### **Partnership working**

- Thirteen Ashington and Coquet School Sport Partnership schools working together has built a strong, sustainable network where ideas are shared, support is offered and schools collaborate to offer their pupils the best opportunities they can.

Some of the activities, programmes and support we are able to provide with the Sport Premium would not be sustainable without further funding or passing on the costs to the pupils.
